U. S. Environmental Protection Agency
841 Chestnut Building
Philadelphia, Pennsylvania 19107

Dear Mr. Barba:

Re: Eastern Diversified Metal Site,
Hometown, Schuylkill County, Pennsylvania

We have reviewed the "Chopping Line Report" supplied by your office by cover letter dated September 4, 1986, for the above referenced site. The information provided referenced aluminum from Alabama Power Company (APCo). To date we have not found any file information indicating APCo business with this company.

Since all references in the "Chopping Line Report" to APCo were for aluminum, which is not a hazardous substance, we do not plan to further research this matter. However, if you find further references to APCo which will help in clarifying this issue, please forward a copy to me with an invoice for copying charges.

If you have further questions, please contact me at
(205)250-4090.

Sincerely,

W. L. Bowers, Manager
Environmental Affairs
